You are going to have a scan

Dear Sir or Madam,

Thank you for choosing the Clinique de La Source's Institute of Radiology to carry out the radiological examination prescribed by your referring doctor or specialist.

Before we carry out this examination, **please answer the questions on the following page.**

Your referring doctor has requested this examination in order to specify a diagnosis, monitor the development of an illness or the efficiency of treatment.

The scanner uses X-rays, just as in traditional radiography.

During the examination, an intravenous injection of an iodised contrast agent may be necessary.

The examination takes 20 to 30 minutes.

After the examination

The scan images will be interpreted by the radiologist. He or she will form a diagnosis and will send it, with a report, to your doctor.

QUESTIONNAIRE

Please answer the following questions :

What is your weight ?

..... kg

FOR YOUR INFORMATION

With your basic health insurance, this examination costs the same price in our clinic as in a public hospital.

The same applies to any treatment, consultation or analysis carried out in the various outpatient services at the Clinique de La Source :

- Multidisciplinary outpatient centre
- Interventional cardiology centre
- Diabetology unit
- Dietetics service
- Breast imaging centre
- Medical and surgical centre for obesity
- 24-hour Medical laboratories
- Institute of physiotherapy
- Institute of radiology
- Radio-oncology centre
- Emergency centre, 7/7 - Centre médical de La Source

However, in the event of hospitalisation in our clinic after midnight, additional health insurance is required for a private room (1 bed) or a semi-private room (2 beds).

INSTITUTE OF RADIOLOGY

HOW TO GO TO THE CLINIC

> By train: Lausanne Station, followed by:

- M2 to Riponne-Maurice Béjart station, then bus no. 2 to Vinet bus stop.

OR

- Bus no. 3 or 21 to Beaulieu Jomini bus stop.

> By car: A9 motorway, take the Blécherette exit, follow signs to Palais de Beaulieu.

As the number of parking spaces at the Clinic is unfortunately limited, should there be nothing available we suggest parking at the Beaulieu car park.
